RE: [REDACTED] CPT authorization

Ms. [REDACTED] has been offered an EHR implementation/evaluation Intern position in the Central Billing Services department of American Health Network. Her duties will be to research and identify all measures for meaningful use stage 2 and understand all the requirements for each measure and create training documentation for meaningful use stage 2. To do this she will create a framework for measurement of compliance with this core measure by analyzing the information transferred across the core settings based on the criteria stipulate. The resulting framework will contribute materially and substantially to the project research by allowing Ms. [REDACTED] to obtain a more in-depth understanding of the core measures of stage 2 as published research on this subject is very limited. Her research on medicine reconciliation will be supported by the framework she will develop. The opportunity will provide her with the experience and information she needs to successfully progress in her field.
